

PROMETHEUS I+II

CHRISTOPHER BOOTS

PROMETHEUS I+II

The ancient Greek, Prometheus, gave to mortals what was reserved for the gods - fire. Here, a simple yet elegant construction creates a timeless light - a ring of 'flames'. With the gift of fire, Prometheus allowed humanity to develop.

Simple yet elegant construction with warm white LED, natural uncut quartz crystals attached with rare earth magnets, and a classic bronze ring, creates a timeless light.*
